

November 18, 2022

Dear Families,

The province is recommending and schools are requesting for students to stay home if they feel sick – regardless of what kind virus it is. With the arrival of the flu season, we appreciate your support with this to help minimize the spread of any illness to other students and families.

The best way to prevent the spread of any illness is for a student who is sick or has been exposed to someone confirmed with a contagious illness, is to stay home. All students who become sick are asked to be symptom free for 24-hours before returning to school.

If you have any questions, please do not hesitate in contacting the office.

Sincerely,
Ms. Kass
