Bedding Plant Flat

The Bedding Plant Flat is the most economical way to fill your garden with color this summer. Each bedding flat has 36 plants in it (each in individual cells to make it easy for transplanting). We are excited to offer you full flats of White Alyssum, Blue Upright Lobelia, Blue Trailing Lobelia, Mixed Petunias, Mixed Marigolds, and Mixed Impatiens.

Bedding Plant Flat

Varieties

Alyssum is a full sun lover and performs wonderfully as a border plant. This is available in white only.

Lobelia can take part shade and part sun. The Upright Variety does great in the garden and the Trailing Variety does great in containers and baskets. Both varieties are available in blue.

Marigolds are a sun loving plant and will bloom all summer long. This variety will get about 12" high (25-30 cm) and is available as a mix of colors only.

Petunias are a sun loving plant and will bloom all summer long. This variety will get about 12" high (25-30 cm) and is available as a mix of

Impatiens are a shade loving plant and produce beautiful color all summer long. This is available as a mix of colors only.
